

use the below websites to get bins and use bins to get card details

some website also generate both bins and cards

<https://www.bincodes.com/bin-search/>

<https://www.bincodes.com/bin-creditcard-generator/>

<http://www.getcreditcardnumbers.com/>

https://www.elfqrin.com/discard_credit_card_generator.php

<https://namso-gen.com/>

then you must have patience and try the card in netflix

use any extension to delete the cookie after you try a lot of time so netflix wont allow

so delete the cookie and keep doing the process
