

✂* How to Make WORKING BINS for Premium Accounts?

😁😁😁😁😁😁😁😁😁😁😁*

Before we start we should now one thing, there are two types of trial CC Verification in Premium Accounts trial.

✂First one is, Validity Check Trial.

-> This type of trial just checks CC EXP CVV Validation and starts your trial

-> Very Very easy to bypass their verification

-> Eg. Tidal

✂Second one is, Authorization Hold trial.

-> This type of trial makes an authorisation hold on the card for 1 USD.

-> It also have verification system to verify card holder name if the card is VBV.

-> Eg. Netflix

For Finding a bin you need the following things Needed before starting Work

- => Hardworking
- => Patency
- => CC Generator
- => CC Checker
- => Good Internet connection
- => VPN (Premium)

✂Now if you want to find a bin for the second type of Premium Accounts you should follow the following:-

Step 1: Goto Country/BANK to BIN websites like

Ex: <https://www.bincodes.com/bin-search>

Step 2: Choose Any Country you want (Mainly Low secured countries like OMAN,UAE and etc)

Step 3: Choose Small Banks (They are less secured)

Step 4: Choose one BIN of Debit card (not credit)

Step 5: Generate CC with it

Step 6: Check with it

Step 7: Get lives one

Step 8: Test it

Step 9: Start from Step 2 again till you get working one

👁👁⚠Attention: Don't Share your hard work results with Peoples Or Else It Get Patched⚠⚠👁

For type 1 Trials:

Choose USA, CAPITAL ONE Mastercards.

1) Choose one BIN of Debit level card (not credit)

2) Generate CC with it

3)Check with it

4)Get lives one

5)Test it

Do Again and again till you get working one :)

Don't forget to change your IP to the CC Countries IP

That's it
🤩🤩🤩🤩

🤩 then you get your own bin 🤩🤩🤩🤩🤩🤩🤩🤩🤩🤩🤩🤩🤩
